1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-33 are rejected under 35 U.S.C. 102(b) as being anticipated by Dolgin (U.S. 5,462,553).

Dolgin discloses the claimed invention in figures 1-5, a polyp severing head (16,216b) extending from a sheath (12) and retractable from the sheath (12); wherein the polyp severing head (216b) having a conductive hook for engaging the polyp (p) and for discharging electrical energy into the engage polyp (p) (col. 3, lines 7-34).
